

ABOUT THE SYMPOSIUM

Welcome to the National Forensic Science Symposium (NFSS) 2017 organised by the Forensic Science Society of Malaysia (FSSM) in conjunction with our annual general meeting. We are delighted to host this event as a spark to gather professionals, researchers and academicians from the country and beyond for a productive exchange of insights, views and experiences on current and future developments in the area of forensic sciences.

NFSS 2017 will be held on 27th April 2017 with the theme "Advancing Forensic Science". The programme of this symposium includes presentations from invited keynote speakers and experts within forensic science disciplines on a wide range of related topics including research and development, education and training, standard and competence. We look forward to meeting you at NFSS 2017.

TOPIC

We would like to invite you to participate in this symposium and to present results and discuss the ground-breaking development on the sub-themes listed below concentrating on forensic science discipline. NFSS 2017 is intended to cover:

- Toxicology
- Trace Evidence Analysis
- Criminalistics
- Medical Forensics
- DNA Analysis
- Crime Scene Investigation
- Drug Analysis
- Document Examination
- Digital Forensics , etc.

WHO SHOULD ATTENDS

Any individual or organisation interested in Forensic Sciences:

- Forensic Scientists
- Law Enforcement Officers
- Law Practitioners
- University Personnel
- University Students
- Researchers, etc.

REGISTRATION/ CALL FOR ABSTRACT

The organising committee welcome oral and poster presentations, as well as expressions of interest to attend.

The call for abstracts and expressions to attend is currently open and will close on 10th April 2017. Presentation proposal can be submitted online to the FSSM secretary. Notifications in relation to abstract submission and attendance will be sent through email. The language medium for all presentation at the symposium is English. If you require more information, please feel free to email the NFSS 2017 Organising Committee at fssmalaysia@gmail.com.

Abstract should be prepared in less than 250 words in required format:

- Form: Microsoft Word
- Font: Times New Roman
- Font size: 11 Points
- Spacing: Single
- Text alignment: Justified

SYMPOSIUM FEE

| Participant | Registration |
|-------------|--------------|
| Members | RM 150* |
| Non-members | RM 250 |

* FSSM Membership number is required

Presentation Guidelines

Oral Presentation:

Oral presenters will be given 15 minutes to present their work and an additional 5 minutes for Q&A, for a total of 20 minutes.

Poster Presentation:

Presentations should not exceed 2 feet (60 cm) in width and 3 feet (90 cm) in height. Text and graphics should be legible from 6 feet (2 m).

REGISTRATION FORM (NFSS 2017)

NAME: _____

TITLE/DESIGNATION: _____

ORGANISATION/INSTITUTION: _____

EMAIL: _____

PHONE NO. (MOBILE): _____

- PARTICIPANT
 ORAL
 POSTER

TITLE OF THE PAPER (FOR PRESENTER ONLY):

PAYMENT: RM _____

MODE OF PAYMENT:

- CASH
 CHEQUE
 CIMB a/c No: 1248-0009263-05-1

(Note: Bank in receipt must be attached)

Note: Photocopies of form are acceptable.
Closing date for Registration Sunday, 20th April
2017 and send to Organising Committee NFSS
2017

by email: fssmalaysia@gmail.com
or fax: 03-7958 1173

ABOUT FSSM

Idea of forming an association among forensic science practitioners was mooted many years ago between officers from agencies involved in forensic investigation, examination and education.

The idea eventually took on a more serious note in 2006 when a 'revival' of ideas and plans were initiated mainly among officers of the Department of Chemistry Malaysia, the Malaysian Royal Police Force, School of Health Sciences Universiti Sains Malaysia, Forensic pathology Division of Hospital Kuala Lumpur and several others.

Subsequently a *pro tem* Committee was set up to take responsibility of getting the documents ready for submission to the Registrar of Society (ROS). After much hard work by the *pro tem* Committee, an inaugural meeting was held and subsequently documents were submitted to the ROS and on 8th May 2008, the Forensic Science Society of Malaysia became a fully registered society. At present, the society has a total of 291 registered members.

The Society was set up as a non profit organization with the following objectives:

- ✓ To advance the study and application of forensic sciences;
- ✓ To facilitate co-operation among persons who are, or have been, occupationally involved in forensic activities;
- ✓ To organise meetings, seminars, lectures, discussions; and
- ✓ To promote the activities of the society.
